General Membership meeting October 26 7:00pm at the Terminal Building

### Hangar Maintenance

New light is now installed outside the hangar door.

### Special Announcements

**PHASE I OF CONSTRUCTION AT THE NAMPA AIRPORT IS SCHEDULED TO CONCLUDE OCTOBER 11, 2004.**

Please be considerate of the other airport users and minimize the amount of time you block the taxiway while entering or exiting the hangar.

A thank you goes out to the members that take the time to refill the water buckets and also put out cleaning supplies when needed.

### Aircraft Maintenance

375: New prop and spinner is in. Will be replaced as soon as scheduling allows. 300 hours left until TBO.

686: Elevator removed, repaired spars and replaced skin. ADF INOP looking for repair shop that will work on that unit. Replaced left wing strobe. New right Main.

64L: Back in the hangar after cylinder rebuild in California. 15 hours left until next oil inspection. New battery.

91X: New swing stop in door.

29Q: 100 hour done. Compression good. No problems. Replaced broken ground stud on alternator.

0YD: Keys are in hangar, but no bag or fuel card. Replaced flap handle return spring. Replaced swing stop in door.

### From the Members

We are still interested in stories and/or pictures of trips from the membership! Please remit to [t-craft@spro.net](mailto:t-craft@spro.net) or call James Ferdinand @ 724-3309.

## **Reminders**

Please be very careful to ONLY wash the windscreens in an up-and-down motion.

Please update information on Schedule Master. This is the main line of communication from the Board and other members.

Every effort should be made to use the T-Craft fuel cards while at the Nampa Airport. This saves the club .10 per gallon. If one is missing, or doesn't work, you can use one from any of our planes.

## **From the Board**

The Board is hoping for a large turn-out for the General Membership meeting in October. We will be voting on the proposed changes to the Constitution. Please attend.
